

Comfort Green Piping Bags

The hygienic Piping Bag with soft touch and non-slip feel

With its special 'soft touch' grip, Comfort Green represents the top-of-the-line segment in piping bags. Comfort Green uses a unique, patented production process. The unique characteristics of the extremely flexible firm-grip multi-layer film ensure that the professional can continue to achieve clean, precise results even after hours of repetitive actions. The Comfort Green works just as well as the cotton piping bag and can also be easily changed over and filled up. The master knows that the smallest mistake can cause irreparable damage. That is why we offer Comfort Green - efficient and effective for every professional. The undisputed Number One in piping bags.

The Comfort Green piping bag guarantees efficiency in the kitchen and optimum food safety. Disposable piping bags always come straight off the roll, or clean from the box, fit snugly in the hand, and are also very easy to use. Safety is extremely precious in all professional (large) kitchens or bakeries.

Art. number	Article	Colour	Size	Bags per roll	Carton
